Format Mastery Quiz — Know the Competition Cold

Every team member must score **25/25** by the end of Week 3 (retake weekly until then). The format decides tactics; nobody walks into Winnipeg unsure of a rule. Source for every answer: `01-competition/facts_and_rules.md` and `01-competition/handbook.md`. Coach quizzes verbally, shuffled order, ~15 minutes.

Questions

Rounds and timing

1. Name the three scored rounds and their weights.
2. Presentation + Q&A length in the prepared round?
3. Prep time and format of the boardroom round?
4. What may be shown during the protected 3 minutes — and what is blocked?
5. Presentation + Q&A length in the traditional round, and its prep time?
6. When do the yellow and red cards come, and in which segments?
7. Who advances to the final, and what changes there (three things)?
8. How are ties for a finals place broken?

Deliverables and mechanics

9. In what file format must every deck be built, and what is explicitly not permitted?
10. How and by when is the prepared-case deck submitted (2025 baseline), and what happens if it is late?
11. How are the boardroom and traditional decks handed in?
12. What extra artifact does the boardroom round require, and who reads it when?
13. What are the exact file-naming conventions?
14. May we build slide templates before the competition? Any restriction?

Rules and conduct

15. What may we access on our laptops during timed prep? Name three notable inclusions.
16. What two devices are banned during prep and presentations?
17. From when until when is coach contact forbidden, and what does a violation cost?
18. What is the school-anonymity rule and its penalty?
19. Who must speak, in which rounds, with what boardroom nuance?
20. What happens if a team arrives late to its slot?
21. May we contact employees of a case sponsor? May we discuss the case outside the competition?

Judging and context

22. Name the seven rubric categories with their multipliers, heaviest first.
23. Which category weighs most, and what does that mean for how we build decks?
24. Where and when is ABCC 2027?
25. Who won ABCC 2026, and why does that matter to us?

Answer key

1. Prepared 25 % · boardroom 30 % · traditional 45 %. 2. 25 min + 15 min Q&A. 3. ~4 h on-site prep; seated boardroom: 3-min uninterrupted pitch, then 22-min judge discussion. 4. One summary slide only; appendices blocked until the discussion. 5. 20 min + 10 min; ~3 h prep. 6. Yellow at 5 min, red at 1 min remaining — in both presentation and Q&A segments (boardroom: red at 1 in the protected pitch; yellow/red in the discussion). 7. Top 3 by weighted score; final = new judge panel, frozen deck (no changes), 20 + 15, advisors gagged until after presenting, finalists escorted to a holding room. 8. Higher traditional-case score; then performance across weighted rounds, then rubric categories by weight. 9. PowerPoint .pptx only; other software (e.g., Prezi) not permitted. 10. By e-mail to aspercasecomps@umanitoba.ca, 10:00 CT on arrival day (2025 pattern); late = bottom of the pool for that round. 11. Saved to an organizer-provided USB at a fixed pickup time within the prep window. 12.

A one-page black-and-white executive brief; judges read it before the team enters. 13. “[Team Name] Prepared Case” / “[Team Name] Boardroom Case” / “[Team Name] Traditional Case”. 14. Yes, own prebuilt templates are allowed (built outside prep time); no third-party templates for the prepared case. 15. Internet is allowed — including login-required university databases, file sharing, and generative AI. 16. Cellphones and smartwatches. 17. From release of a timed case until after presenting; communication during a presentation or Q&A = immediate disqualification. 18. Never reveal the school of origin to a judge — verbally, on slides, on clothing; penalty: disqualification. Teams compete under a fictional consulting name. 19. All four members, in every round; in the boardroom, during the 22-min discussion (not necessarily the protected 3 minutes). 20. No additional prep or presentation time. 21. No — sponsor-employee contact is banned in every round; case details stay inside the competition. 22. Implementation & Resources 2.5× · Analysis 2.0× · Recommendation 2.0× · Communicating Effectively 1.0× · Framing the Problem 1.0× · Impact 1.0× · Measurement, Risks & Mitigation 1.0×. 23. Implementation & Resources — every deck ends in a dated, owned, costed roadmap with KPIs; under time pressure we cut analysis slides, never the roadmap. 24. February 18–22, 2027, Drake Centre (Asper School of Business), University of Manitoba, Winnipeg. Bonus point for knowing the open question: those dates fall Thursday–Monday, while 2025 and 2026 both ran Wednesday–Sunday, so the weekday frame is unconfirmed. 25. Babeș-Bolyai University (Romania) — the first international team ever, winning every round: proof a well-drilled newcomer from Europe can win outright.
